Our four-day conference will gather the global glass world to celebrate community, collaboration, and crossover in the Motor City. Over 100 presenters will connect, inspire, and empower attendees with lectures, demonstrations, and special events at the College for Creative Studies, the Detroit Institute of Arts, and the iconic Russell Industrial Center. This year only, attendees can experience a once-in-a-lifetime partnership with Michigan Glass Project, a nonprofit dedicated to empowering their community through the captivating power of glass art and music.

Important dates leading up to the 2023 GAS Conference include:

- November 14, 2022 Registration, Exhibition + Scholarship Applications Opened
- January 2, 2023 Early Bird Registration Ends, Goblet Grab + Silent Auction Form Opened
